

## **[Organization Name] Urges you to Speak Up Against Card Check Legislation**

We saw who you voted for on November 4! Just kidding. Don't worry - your ballot was secret and your vote was private. But imagine if there was no secret ballot. What would it be like if you had to cast your vote with everybody looking? Not just strangers - but your boss and your co-workers?

Sound un-democratic?

That's because it is. Unfortunately, the Big Labor Unions and liberals in Congress are teaming up to push a bill that would kill the secret ballot in union organizing elections. Some news reports say this will be one of the first bills introduced when Congress reconvenes in January.

**[Organization Name]** and the Florida Chamber of Commerce have partnered together many other groups to stop this legislation, but we need your help.

Help fight this legislation by joining the *Floridians for a Democratic Workplace* Coalition to save the secret ballot.
